Experience

SEP 2014 – CURRENT

Melodic Creative | melodiccreative.com

Web Developer

- Build intuitive and UX intended websites based off of PSDs that integrate into our custom CMS
- Incorporating fully responsive and mobile friendly structure to each website
- HTML5, CSS3, Javascript, jQuery, and PHP are used on a daily basis

JUN 2014 – SEP 2014

HackerYou | hackeryou.com

Front-End Web Development

- Nine-week intensive front-end development bootcamp, over 360 hours of class time
- Hands-on, project based learning from a team of industry-leading professionals
- Focused on front-end fundamental technologies and languages such as HTML5, CSS3, JavaScript/jQuery, Wordpress, industry best practices, version control and open sourcing code, and responsive design

AUG 2013 – DEC 2013

Research Now | researchnow.com

Project Manager

- Achieved customer satisfaction through the management of custom quantitative market research projects
- Built and maintained professional client relationships through the effective delivery of projects within budget and scope while offering guidance, recommendations and advice
- Ensured specific project task requirements were completed through personal production, internal support teams (survey programmers) and vendors (translators)

MAY 2012 – JUN 2013

Levine Associates | levineassociates.com

Office Manager

- Responsible for the day-to-day management of all administrative responsibilities, supporting seven associates for immigration, refugee and family law practices
- Communicated regularly with clients, working to maintain their long-term satisfaction and provide an overall excellent customer experience
- Proactively worked to minimize and simplify the daily workload of the office by managing competing legal priorities, anticipating needs, and streamlining and directing tasks
